

REFUSES TO SEE
LABOR COUNSELOrtie E. McManigal Ignores Law-
yers for Defense.

CONFIRMATION IS LACKING

While Reports Have Been in Circulation for Several Days That Confession Has Been Made in Alleged Dynamite Conspiracy No Official Confirmation Is as Yet Forthcoming.

Los Angeles, Cal., April 29.—Although it has been reported for several days that a confession had been made in the dynamite conspiracy case no official confirmation was forthcoming, but Ortie E. McManigal's actions tended to confirm the belief that he would not accept help from the union attorneys who are to defend the McNamaras, joint defendants in the Times explosion case.

He declined to see Attorney Job Harriman, former Socialist candidate for vice president and counsel for the McNamara brothers.

District Attorney Fredericks had said that the prisoner would see none of the lawyers associated with the defense and McManigal later confirmed this personally to Harriman at the jail.

Harriman upon emerging from the sheriff's office declared that John J. McNamara and his brother James are now the only ones in whose behalf the defense would center its efforts.

The only visitors McManigal willingly receives are men from the district attorney's office, Sheriff Hammel and operatives of the detective agency that rounded up the alleged conspirators in the act.

All the detectives who came West with the prisoners Wednesday called upon McManigal and found him in a mood more jovial than at any time since he is alleged to have made a preliminary confession to William J. Burns in Chicago.

Suggestions that immunity had been extended to McManigal brought reiterated denials from the district attorney.

E. R. Mills, local agent of Detective Burns, said that two other arrests are impending and that "they will be made in the North," probably meaning San Francisco.

CARPENTERS MAY STRIKE

Unless Employers Concede Raise in
Wages Action Will Be Taken.

St. Paul, April 29.—Unless the contractors concede the increase from 45 to 50 cents an hour asked by union carpenters of Minneapolis and St. Paul, Monday will witness a tieup of building operations. The only word that might be taken to indicate the attitude of those contractors, who are members of the Master Builders' association, is the fact that union carpenters in their employ have received with their checks in the last three weeks a notice to the effect that "the wages for carpenters for the year beginning May 1, 1911, will be 45 cents an hour."

There are 3,600 men enrolled in the Twin City unions.

At the Minneapolis offices of the carpenters' secretary L. A. Lindgren said that many of the smaller contractors have agreed to pay the new scale and that these contractors will employ a large portion of the membership.

CLERK INTERVIEWS GRANT

Superintendent and Head of Association
Will Work for Harmony.

St. Paul, April 29.—Carl Van Dyke, newly elected president of the Railway Mail association for the Tenth division, and chairman of the "welfare" committee of the clerks, spent more than two hours in secret conference with Superintendent Alexander Grant. Neither Mr. Van Dyke nor Mr. Grant would discuss the conference, save to say that an agreement was reached to bring about more harmony between the department and the mail clerks.

Van Dyke, who was given a position in the postal department at a reduction of \$300, when transferred from the railway mail service, will resign from the government service within a few days. He will devote his time for the next three years in trying to advance the interests of the postal clerks at Washington.

LANDS FIERCE UPPERCUTS

Kelly Has Best of Fight With Thompson
at Racine.

Racine, Wis., April 29.—Hugo Kelly of Chicago, claimant of the middleweight championship, "uppercutted" Johnny Thompson, the Sycamore (Ill.) "cyclone," to defeat after ten rounds of savage fighting before the Drexel Athletic club. Superior boxing skill won for Kelly. He landed two blows to Thompson's one, although the Sycamore man forced the fighting.

While under the laws of Wisconsin no decisions are allowed in boxing contests the popular verdict seemed that Kelly had decidedly the better of the contest. The Chicago man's most effective blow was a right hand uppercut, which he landed repeatedly without a return from Thompson.

posed Trip Abroad.

TO PRESS TRADE AGREEMENT

While Declaring It His Duty to Attend the Imperial Conference and Coronation in London, Sir Wilfrid Asserts That His Presence Is Needed in Canada Owing to the Opposition to Reciprocity.

Ottawa, Ont., April 29.—The determination of the Canadian government to ratify reciprocity was emphasized in parliament by the prime minister, Sir Wilfrid Laurier, who declared that he could not go to England to represent Canada at the imperial conference or to the coronation of King George in June, but would remain here to press the agreement if the opposition persisted in obstructing its ratification.

The matter was brought before parliament by Opposition Leader Borden, who asked Sir Wilfrid what his intentions were in regard to the approaching events in London.

"I deem it my duty to attend," replied Sir Wilfrid, "and engaged my passage six weeks ago, but I have come to the conclusion that, should my presence be required in Canada, and there is every indication that it may be, it will be my duty to forego the privilege of attending the conference. My first duty is to Canada."

"As Canada is a most important part of the British empire," replied Mr. Borden, "it is obvious that in the absence of its prime minister no very important action can be taken by the conference and the absence of Sir Wilfrid Laurier on this occasion would be a blow to the continued existence of this great factor in the solution of imperial questions."

Mr. Borden suggested that parliament could rise for two months to enable Sir Wilfrid to cross the Atlantic and the consideration of the reciprocity agreement could be resumed upon his return. He added: "So far as reciprocity is concerned our attitude is one of uncompromising opposition. We believe if carried into effect it would be disastrous not only to Canada but to the British empire."

Trade Treaty in the Way.
"I entirely agree," said Sir Wilfrid in reply, "that it would be unfortunate that any of the prime ministers of the self-governing British dominions should be absent from so important an event as the imperial conference. If it is not possible for me to go the fault will not be mine. The one thing which prevents is the position of the trade agreement with the United States."

"Mr. Borden has said that he and his followers offer uncompromising opposition to the ratification of the agreement. I may tell him that on this side we offer uncompromising support for the agreement. He thinks it would be a bane to Canada and a possible danger to the empire. We think that it would be a boon to Canada and to the empire."

"It is well known that, under the rules of the Canadian house, it is possible for the opposition to block a measure almost indefinitely. It has come to us that the opposition has been full of such rumors."

"I think," said Mr. Borden, in concluding the discussion, "that the prime minister might have regard not only to trade relations with the United States but to trade relations with the great empire to which we belong. I trust the prime minister will reconsider the intimation he has given and that at the conference and the coronation Canada will be represented, as she should be, by the prime minister."

Sir Wilfrid made no reply, but it is generally accepted here that he will not go to England and that the fight over reciprocity will be prolonged and marked with a good deal of bitterness.

Turkey and Montenegro May Clash.

Turin, April 29.—Diplomatic relations between Turkey and Montenegro have been severed, according to the Stampa, and their ministers recalled. The rupture is due to Montenegro's alleged aid to the rebellious Albanians. The Stampa says that the most serious developments are likely.

Policeman Prevents Panic.

Tarrytown, N. Y., April 29.—More than 300 men, women and children jumped from their seats at a moving picture show here when a film caught fire and a panic was averted only by the threat of Policeman Thomas Welch that he would shoot the first person who tried to rush.

Eight Die in Fire.

Roanoke, Va., April 29.—In a fire that destroyed their home, Mrs. J. H. Nunn and seven of her children were burned to death. Three other members of the family escaped by jumping from the second-story window.

MINE BLAST CAUSES DEATH

Two Men Killed While Examining
Ledge of Copper.

Calumet, Mich., April 29.—Struck with amazement at the amount of copper exposed by a blast Joseph J. Kestner, aged twenty-three and single, and Thomas Dodge aged thirty-six, married, forgot the danger from the treacherous hanging wall while examining the ground brought down by the explosion and were struck by falling rock and killed instantly. The accident occurred in No. 16 shaft of the Calumet and Hecla mine.

ARE NOT FOMENTING
TROUBLE IN MEXICOAmerican Officials Deny Allega-
tions to That Effect.

Washington, April 29.—The reported declaration of Ramon Corral, vice president of Mexico, that Americans were fomenting trouble in his country in order to force intervention has encountered the disfavor of the United States government. The state department has called the matter to the attention of Mexico in order to establish officially whether the interview with the vice president, in which the statements excepted to are said to have been made, was authentic, as published in Mexico City.

The question will be taken up by Ambassador Wilson at Mexico City, to whom the department telegraphed a copy of an official statement which it had issued unequivocally disproving the alleged utterance. The statement expresses the confident belief of the department that the Mexican foreign office will promptly "repudiate and prevent the promulgation of any such statements, calculated so seriously to disturb the mutual confidence and friendly good understanding between the two peoples."

FRANCETOWREAK VENGEANCE

Preparing to Dispatch Large Army to
Morocco.

Paris, April 29.—With 20,000 French soldiers already in the field, and with another expedition of twice that strength getting ready for war, France is preparing to take a fearful revenge on the Moroccan rebels who are reported to have annihilated two detachments of French troops. Following the notification to the signatory powers that France intends to crush the rebellion and aid the sultan, Mulai Hafid, in ruling his kingdom, orders were issued to a portion of the troops to prepare for Moroccan service.

Madrid, April 29.—Despite the French denials Spanish officials in Morocco are in receipt of official advice stating that Fez is now in possession of the rebellious tribesmen and that the sultan has taken refuge with all of the foreigners in the French consulate, which has been fortified and from which a desperate resistance is being made.

Roads Increase Wages.

Winnipeg, Man., April 29.—The Canadian Pacific and Canadian Northern railways have agreed to new terms regarding the maintenance of way employees, granting them better general conditions and an increase in wages of 14 per cent. More than 10,000 employed between Port Arthur and Vancouver are affected by the new conditions.

Woman Dies of Exposure.

Elk River, Minn., April 29.—Mrs. Caroline Nystrom of Becker, aged eighty-nine, was found dead in a pasture near her home. She had been missing for three days. Coroner Trumbull decided that death was due to exposure and that a sudden mental derangement was the cause of her departure from home.

ALDRICH SORRY
PARTY IS SPLITSays He Wishes President Had
Solid Backing.

G. O. P. ON THE DEFENSIVE.

Senator Penrose Says Senate Will Take Its Time Considering Canadian Arbitration—Difficulty of Seeing Postmaster General Hitchcock Is Standing Washington Joke.

By ARTHUR W. DUNN.

Washington, April 29.—[Special.]—Former Senator Aldrich regrets the division in the Republican ranks over reciprocity. "I am sorry to see it," he remarked. "I would have preferred to have had the bill put through by Republican votes so that there would have been a solid party behind the president. If the bill does the damage to the farmers which is predicted it can very easily be repealed or amended. It is not to be the law for all time. When the Republicans return to power in both branches of congress they can amend it if necessary."

Mr. Aldrich says that his work on the monetary commission is the most important of his career. He is giving considerable attention to the subject now and hopes to be able to present a comprehensive plan for the regular session of congress in December. Meanwhile there is liable to be attacks on all kinds of commissions and especially the commission of which the former Rhode Island senator is chairman. Several senators have laid plans with that object in view.

"On the Defensive."
Even the most zealous administration men in the senate are not very well satisfied with the extra session.

"We are on the defensive in this tariff matter," remarked Senator Penrose, who is to be chairman of the finance committee, "and we are in no hurry." He was speaking particularly of the organization of the committees as such organization delayed all other business.

The Republicans seem to be perfectly willing to take all the time they want, especially those opposed to the Canadian agreement as they believe opposition to the measure is growing.

Trying to See Hitchcock.

It is a standing joke in Washington that no one can ever see Hitchcock, the postmaster general. In fact it sometimes gets to be a great mystery as to where he is hidden. During the last session of congress Weeks of Massachusetts mentioned to Burke of South Dakota that Hitchcock was one of his constituents.

"He is, is he?" answered Burke. "Now, Weeks, I'll make a bet of a dinner with you. Hitchcock is one of your constituents; you are chairman of the committee on postoffices and that ought to help you get a hearing. Now you and I will start out from the capitol together in separate cabs, you to the postoffice department to see Hitchcock. I will go and see all the other eight cabinet officers and drop in at the White House for a little chat with the president, and I'll bet you that I will get back before you do."

The bet was not made. "I would have won," said Burke afterward. "It would have taken Weeks all that time to find Hitchcock and as much longer to get in after he had found him."

Another Washington Pastime.
"Make war on the fly" is the cry in Washington now, and it affords a new pastime for the people of the capital. It will be kept up for many years, for Washington seldom drops anything when it once gets started after it. I say "after," for there are so many things which Washington is still pursuing that the city is in the "after" class.

The "swat the fly" movement will soon take its place with the following old time friends: Changing the date of the inauguration; building a hall which will accommodate the inaugural ball; cleaning snow off the sidewalks; increasing the salaries of government clerks; making it the most beautiful city in the world; changing the name of Sixteenth street to something more striking; carrying out the park commission plan; making Pennsylvania avenue a really grand boulevard.

Hats Off to Senator Lodge.

Whenever a Massachusetts man gets in the way of Senator Lodge the senator finds a place for him in the federal administration. Thus it happened that Mr. Meyer, now secretary of the navy, was sent on several foreign missions since he became tired of foreign service, all because he was considered a dangerous competitor for Senator Lodge in the senate.

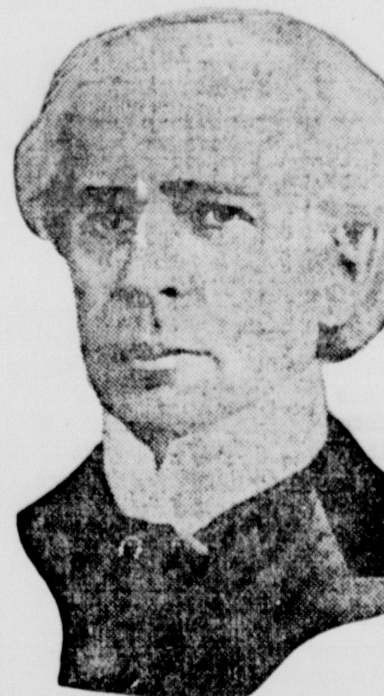

Then there was Moody, representing a district where Augustus P. Gardner, Lodge's son-in-law, lived. Moody was tucked away in the cabinet, and Gardner came to the house. This all goes to show that Lodge knows his business.

All this is preliminary to the suggestion that Curtis Guild goes abroad from Massachusetts. Lodge named Guild for vice president in the last national convention. Guild is one of the coming men. But perchance Guild was in the way of Senator Crane. The junior senator must not be overlooked when discussing shrewd New England politicians.

Poor Artists.

SIR WILFRID LAURIER.

Declares He Is Unable
to Attend Coronation.

SPOKANE LOSES APPLE SHOW

St. Paul or Chicago Likely to Secure
Next Event.

Spokane, Wash., April 29.—The National Apple show, for three years the exclusive property of Spokane, will go to the East for 1911 and either St. Paul or Chicago is likely to be awarded the fourth national apple show, to be held next fall.

Upon the visit of Howard Elliott, president of the National Apple show and of the Northern Pacific railroad, to this city next Sunday plans for the 1911 show will be made after a conference with local officials.

Harry J. Nelly, second vice president of the show, said: "Largely on account of the wider advertising to be gained in the East it has been decided that the show will be held in some Eastern city this year."

THIRD TERM BOOM
FOR ROOSEVELTSome Progressives Urging Colo-
nel to Enter Race.

Washington, April 29.—An effort is being made by some of the Republican progressives to revive the Roosevelt third term boom. A few Republican regulars in the senate, who doubt that President Taft can carry the country if renominated, sympathize with the movement, although no steps have been taken as yet to lend it support.

It was learned that there recently have been pilgrimages to Oyster Bay by prominent progressive senators who despair of getting President Taft to accept their view, but who are certain at the same time that one of their own several presidential aspirants cannot hope to defeat Mr. Taft for the nomination. As a result of these pilgrimages word has been brought back that the colonel seeks no political preferment, but—and this is the hook upon which the progressives hang their hopes—if the Republican party calls Roosevelt he will not shrink.

Needless to say Senator La Follette is not one of the progressives who have traveled to Oyster Bay. He is too busy inflating his own presidential boom and the indications are that he views with dissatisfaction the steps that have been taken by his colleagues to inject new life into the Roosevelt boom.

PLAN RAILROAD HOSPITAL

Glendive, Mont., May Secure New In-
stitution.

Glendive, Mont., April 29.—Word was received here that the directors of the Northern Pacific Beneficial association, at a meeting in St. Paul had decided that a division hospital be needed on the Yellowstone division of the Northern Pacific and had voted to erect one. At present there is no railroad hospital between Missoula, Mont., and Brainerd, Minn. A committee recently visited Miles City, Glendive, Dickinson and Mandan and decided in favor of Glendive as the proper place for such an institution.

35,000 Men May Lose Jobs.

Chicago, April 29.—Architects and building contractors have served an ultimatum on the warring labor unions that unless they settle their jurisdictional disputes by Tuesday, there will be a general shut down of building operations in Chicago. It is estimated the threatened lockout will throw at least 35,000 men out of employment.

Button Makers Satisfied.

La Crosse, Wis., April 29.—The strike of button makers here was practically settled at a conference with the management of the Wisconsin Pearl Button factory, an agreement having been reached whereby all employees return to work at the wages in force before the strike.

Cuts Throat With Razor.

Calumet, Mich., April 29.—Eugene Sapelo, aged fifty-five, committed suicide here by cutting his throat with a razor. He was despondent because of sickness and debt. He leaves a large family.

MAKING CHANGES
IN SHERMAN LAW

SWITCHING SCALE INCREASED

Locomotive Firemen and Enginemen
Get Satisfactory Settlement.

Chicago, April 29.—After a week of conferences between representatives of the Chicago, Rock Island and Pacific, the Chicago, Burlington and Quincy and the Chicago and North-western railroads and officials of the Brotherhood of Locomotive Firemen and Enginemen, the acceptance of a new wage scale to be paid for switch-work and the settlement of minor difficulties has been announced. According to the new agreement the trainmen will get a substantial increase and working conditions which will eliminate future difficulties.

Disappointed Sculptor Dies.

Short Hills, N. J., April 29.—Work day and night upon a bronze bust of President Taft for the Yale club in New York city, only to have all go for naught by the final rejection of her work by a club committee, is given as the cause of a nervous breakdown which resulted in the death of Mrs. Elizabeth St. John Matthews. Mrs. Matthews was thirty-five years old and a well known sculptress.

Soon Will Go to Senate.

Washington, April 29.—Indications now are that the proposed arbitration treaty between the United States and Great Britain will be submitted to the senate for ratification the latter part of May, or before June 1. Senator Root has been called in to assist Secretary Knox in drafting a form of treaty upon which to base the negotiations with Ambassador Bryce.

Girls Must Not Shine Shoes.

Kansas City, April 29.—Contending that shoe shining is a work morally unfit for women, the city officials refused to grant a license to a shoe shining parlor which advertises on a sign that "pretty girls will shine your shoes." In the meantime, a city ordinance is being prepared to prohibit women shining shoes.

Sheep—Native, \$3.00 to \$4.60; yearlings, \$4.25 to \$5.15; lambs, \$4.25 to \$6.10.

Senator Kenyon of Iowa Work-
ing on Amendments.

MAKE ACT MORE STRINGENT

Author Hopes to Have Penalties Made More Severe, Both With Respect to Jail Sentences and Fines. Believes People Desire Anti-Trust Law Be Made Stronger Instead of Weaker.

Washington, April 29.—Important changes in the Sherman anti-trust law will be proposed in a bill soon to be introduced by Senator Kenyon of Iowa. The announcement that Senator Kenyon is working on a measure of this character has excited a good deal of interest in Washington.

For a long time he was the official "trust buster" of the Taft administration, and he has a comprehensive knowledge of the practical workings of the law. Senator Kenyon is now engaged in drafting the bill in question. He has not announced the terms of the measure. However, it is his intention to seek to make the law more specific and more stringent than at present. He hopes to have the penalties made more severe, both with respect to jail sentences and to fines. It is the opinion of Senator Kenyon that the people will never consent to the emasculating of the Sherman law. He believes the public demand is to have the law made stronger instead of weaker.

Senator Kenyon probably will defer the introduction of his bill until the supreme court has handed down the tobacco and oil decision. He expects, however, that these will not be long delayed. Senator Kenyon plans to deliver a speech on the subject of the anti-trust laws and their operation.

LOSES FORTUNE IF SHE WEDS

Will of Father of Mrs. Burke-Roche
Filed for Probate.

New York, April 29.—Mrs. Frances Ellen Burke-Roche, daughter of Frank Work, who died recently, is left at the mercy of her father's executors under the terms of his will, filed for probate. Through fifteen codicils the millionaire voiced his disapproval of her matrimonial career.

Early codicils, after her separation from James Jaffrey Burke-Roche, direct that she be given \$70,000 a year on condition that she have no further dealings with him and remain away from England during his lifetime. They provide also that she shall not inherit a penny of the Work millions. About the time that Mrs. Burke-Roche's name was coupled with that of Aurel Batonyi, the whip, a codicil was added threatening to reduce her bequest to \$12,000 a year unless she relinquished interest in horses and horse shows.

Later Mr. Work relented and increased his bequest to his daughter to \$80,000 a year. A codicil appended after her marriage to the whip revokes all provisions in his will conferring any interest in his property to Mrs. Burke-Roche and another directs the executors to provide for her support if she should separate from Batonyi.

To Mrs. Burke-Roche's three children is left the residuary estate conditional upon their becoming American citizens, eschewing all relations with their father and adopting the name of Work.

OPEN TIMBER LAKE OFFICE

New Officials Will Take Charge of In-
terior Affairs May 1.

Washington, April 29.—Announcement was made that the new land office at Timber Lake, S. D., will be opened on May 1. Chief Clerk George, who is now stationed at Aberdeen, has been instructed to report at Timber Lake, where he will receive filings which will be passed upon immediately after the qualification of the new register and receiver, P. D. Krebs, who was nominated for register, and J. L. Parrot, who was named for the receivership, were confirmed by the senate.

Detectives Unearth Plant.

Neenah, Wis., April 29.—Detectives of the Soo line made a raid on the homes of Joe Weber, a brakeman employed by the company, and Frank Patterson, a farmer. The detectives allege they discovered \$2,000 worth of stolen goods which are alleged to have been planted with Weber and Patterson by box car thieves. It is said that the robberies have been systematic and have continued during the past fifteen years.

Hard to Move in Russia.

An American wished to move from the principal hotel in St. Petersburg to a smaller hotel around the corner. He came down with his bag packed ready to go. "Sorry," said the manager, "but you cannot leave this hotel or register at another hotel until we get your passport from the police, and that will take a day and a night. You must go through exactly the same procedure as if you were leaving the country."

REFUSES TO SEE
LABOR COUNSELOrtle E. McManigal Ignores Law-
yers for Defense.

Los Angeles, Cal., April 29.—Although it has been reported for several days that a confession had been made in the dynamite conspiracy case no official confirmation was forthcoming, but Ortle E. McManigal's actions tended to confirm the belief that he would not accept help from the union attorneys who are to defend the McNamara, joint defendants in the Times explosion case.

He declined to see Attorney Job Harriman, former Socialist candidate for vice president and counsel for the McNamara brothers.

District Attorney Fredericks had said that the prisoner would see none of the lawyers associated with the defense and McManigal later confirmed this personally to Harriman at the jail.

Harriman upon emerging from the sheriff's office declared that John J. McNamara and his brother James are now the only ones in whose behalf the defense would center its efforts.

The only visitors McManigal willingly receives are men from the district attorney's office, Sheriff Hammel and operatives of the detective agency that rounded up the alleged conspirators in the act.

All the detectives who came West with the prisoners Wednesday called upon McManigal and found him in a mood more jovial than at any time since he is alleged to have made a preliminary confession to William J. Burns in Chicago.

Suggestions that immunity had been extended to McManigal brought reiterated denials from the district attorney.

E. R. Mills, local agent of Detective Burns, said that two other arrests are impending and that "they will be made in the North," probably meaning San Francisco.

CARPENTERS MAY STRIKE

Unless Employers Concede Raise in
Wages Action Will Be Taken.

St. Paul, April 29.—Unless the contractors concede the increase from 45 to 50 cents an hour asked by union carpenters of Minneapolis and St. Paul, Monday will witness a tieup of building operations. The only word that might be taken to indicate the attitude of those contractors, who are members of the Master Builders' association, is the fact that union carpenters in their employ have received with their checks in the last three weeks a notice to the effect that "the wages for carpenters for the year beginning May 1, 1911, will be 45 cents an hour."

There are 3,600 men enrolled in the Twin City unions.

At the Minneapolis offices of the carpenters' secretary L. A. Lindgren said that many of the smaller contractors have agreed to pay the new scale and that these contractors will employ a large portion of the membership.

CLERK INTERVIEWS GRANT

Superintendent and Head of Association
Will Work for Harmony.

St. Paul, April 29.—Carl Van Dyke, newly elected president of the Railway Mail association for the Tenth division, and chairman of the "welfare" committee of the clerks, spent more than two hours in secret conference with Superintendent Alexander Grant. Neither Mr. Van Dyke nor Mr. Grant would discuss the conference, save to say that an agreement was reached to bring about more harmony between the department and mail clerks.

Van Dyke, who was given a position in the postal department at a reduction of \$300, when transferred from the railway mail service, will resign from the government service within a few days. He will devote his time for the next three years in trying to advance the interests of the postal clerks at Washington.

LANDS FIERCE UPPERCUTS

Kelly Has Best of Fight With Thompson
at Racine.

Racine, Wis., April 29.—Hugo Kelly of Chicago, claimant of the middle-weight championship, "uppercutted" Johnny Thompson, the Sycamore (Ill.) "cyclone," to defeat after ten rounds of savage fighting before the Drexel Athletic club. Superior boxing skill won for Kelly. He landed two blows to Thompson's one, although the Sycamore man forced the fighting.

While under the laws of Wisconsin no decisions are allowed in boxing contests the popular verdict seemed that Kelly had decidedly the better of the contest. The Chicago man's most effective blow was a right hand uppercut, which he landed repeatedly without a return from Thompson.

STAY AT HOMECanadian Premier Abandons Proposed
Trip Abroad.

TO PRESS TRADE AGREEMENT

While Declaring It His Duty to Attend the Imperial Conference and Coronation in London, Sir Wilfrid Ascertains That His Presence Is Needed in Canada Owing to the Opposition to Reciprocity.

Ottawa, Ont., April 29.—The determination of the Canadian government to ratify reciprocity was emphasized in parliament by the prime minister, Sir Wilfrid Laurier, who declared that he could not go to England to represent Canada at the imperial conference or to the coronation of King George in June, but would remain here to press the agreement if the opposition persisted in obstructing its ratification.

The matter was brought before parliament by Opposition Leader Borden, who asked Sir Wilfrid what his intentions were in regard to the approaching events in London.

"I deem it my duty to attend," replied Sir Wilfrid, "and engaged my passage six weeks ago, but I have come to the conclusion that, should my presence be required in Canada, and there is every indication that it may be, it will be my duty to forego the privilege of attending the conference. My first duty is to Canada."

"As Canada is a most important part of the British empire," replied Mr. Borden, "it is obvious that in the absence of its prime minister no very important action can be taken by the conference and the absence of Sir Wilfrid Laurier on this occasion would be a blow at the continued existence of this great factor in the solution of imperial questions."

Mr. Borden suggested that parliament could rise for two months to enable Sir Wilfrid to cross the Atlantic and the consideration of the reciprocity agreement could be resumed upon his return. He added: "So far as reciprocity is concerned our attitude is one of uncompromising opposition. We believe if carried into effect it would be disastrous not only to Canada but to the British empire."

Trade Treaty in the Way.

"I entirely agree," said Sir Wilfrid in reply, "that it would be unfortunate that any of the prime ministers of the self-governing British dominions should be absent from so important an event as the imperial conference. If it is not possible for me to go the fault will not be mine. The one thing which prevents is the position of the trade agreement with the United States."

"Mr. Borden has said that he and his followers offer uncompromising opposition to the ratification of the agreement. I may tell him that on this side we offer uncompromising support for the agreement. He thinks it would be a bane to Canada and a possible danger to the empire. We think that it would be a boon to Canada and to the empire."

"It is well known that, under the rules of the Canadian house, it is possible for the opposition to block a measure almost indefinitely. It has come to us that the opposition has such intentions. The lobbies have been full of such rumors."

"I think," said Mr. Borden, in concluding the discussion, "that the prime minister might have regard not only to trade relations with the United States but to trade relations with the great empire to which we belong. I trust the prime minister will reconsider the intimation he has given and that at the conference and the coronation Canada will be represented, as she should be, by the prime minister."

Sir Wilfrid made no reply, but it is generally accepted here that he will not go to England and that the fight over reciprocity will be prolonged and marked with a good deal of bitterness.

Turkey and Montenegro May Clash.

Turin, April 29.—Diplomatic relations between Turkey and Montenegro have been severed, according to the Stampa, and their ministers recalled. The rupture is due to Montenegro's alleged aid to the rebellious Albanians. The Stampa says that the most serious developments are likely.

Policeman Prevents Panic.

Tarrytown, N. Y., April 29.—More than 300 men, women and children jumped from their seats at a moving picture show here when a film caught fire and a panic was averted only by the threat of Policeman Thomas Welch that he would shoot the first person who tried to rush.

Eight Die in Fire.

Roanoke, Va., April 29.—In a fire that destroyed their home, Mrs. J. H. Nunn and seven of her children were burned to death. Three other members of the family escaped by jumping from the second-story window.

MINE BLAST CAUSES DEATH

Two Men Killed While Examining
Ledge of Copper.

Calumet, Mich., April 29.—Struck with amazement at the amount of copper exposed by a blast Joseph J. Keener, aged twenty-three and single, and Thomas Dodge, aged thirty-six, married, forgot the danger from the treacherous hanging wall while examining the ground brought down by the explosion and were struck by falling rock and killed instantly. The accident occurred in No. 16 shaft of the Calumet and Hecla mine.

ARE NOT FOMENTING
TROUBLE IN MEXICOAmerican Officials Deny Allegations
to That Effect.

Washington, April 29.—The reported declaration of Ramon Corral, vice president of Mexico, that Americans were fomenting trouble in his country in order to force intervention has encountered the disfavor of the United States government. The state department has called the matter to the attention of Mexico in order to establish officially whether the interview with the vice president, in which the statements excepted to are said to have been made, was authentic, as published in Mexico City.

The question will be taken up by Ambassador Wilson at Mexico City, to whom the department telegraphed a copy of an official statement which it had issued unequivocally disavowing the alleged utterance. The statement expresses the confident belief of the department that the Mexican foreign office will promptly "repudiate and prevent the promulgation of any such statements, calculated so seriously to disturb the mutual confidence and friendly good understanding between the two peoples."

FRANCETOWREAK VENGEANCE

Preparing to Dispatch Large Army to
Morocco.

Paris, April 29.—With 20,000 French soldiers already in the field, and with another expedition of twice that strength getting ready for war, France is preparing to take a fearful revenge on the Moroccan rebels who are reported to have annihilated two detachments of French troops. Following the notification to the signatory powers that France intends to crush the rebellion and aid the sultan, Mulai Hafid, in ruling his kingdom, orders were issued to a portion of the troops to prepare for Moroccan service.

Madrid, April 29.—Despite the French denials Spanish officials in Morocco are in receipt of official advices stating that Fez is now in possession of the rebellious tribesmen and that the sultan has taken refuge with all of the foreigners in the French consulate, which has been fortified and from which a desperate resistance is being made.

Roads Increase Wages.

Winnipeg, Man., April 29.—The Canadian Pacific and Canadian Northern railways have agreed to new terms regarding the maintenance of way employees, granting them better general conditions and an increase in wages of 14 per cent. More than 10,000 employed between Port Arthur and Vancouver are affected by the new conditions.

Woman Dies of Exposure.

Elk River, Minn., April 29.—Mrs. Caroline Nystrom of Becker, aged eighty-nine, was found dead in a pasture near her home. She had been missing for three days. Coroner Trumbull decided that death was due to exposure and that a sudden mental derangement was the cause of her departure from home.

ALDRICH SORRY
PARTY IS SPLITSays He Wishes President Had
Solid Backing.

G. O. P. ON THE DEFENSIVE.

Senator Penrose Says Senate Will Take Its Time Considering Canadian Arbitration—Difficulty of Seeing Postmaster General Hitchcock Is Standing Washington Joke.

By ARTHUR W. DUNN.

Washington, April 29.—[Special.]—Former Senator Aldrich regrets the division in the Republican ranks over reciprocity. "I am sorry to see it," he remarked. "I would have preferred to have had the bill put through by Republican votes so that there would have been a solid party behind the president. If the bill does the damage to the farmers which is predicted it can very easily be repealed or amended. It is not to be the law for all time. When the Republicans return to power in both branches of congress they can amend it if necessary."

Mr. Aldrich says that his work on the monetary commission is the most important of his career. He is giving considerable attention to the subject now and hopes to be able to present a comprehensive plan for the regular session of congress in December. Meanwhile there is liable to be attacks on all kinds of commissions and especially the commission of which the former Rhode Island senator is chairman. Several senators have laid plans with that object in view.

"On the Defensive."

Even the most zealous administration men in the senate are not very well satisfied with the extra session. "We are on the defensive in this tariff matter," remarked Senator Penrose, who is to be chairman of the finance committee, "and we are in no hurry." He was speaking particularly of the organization of the committees as such organization delayed all other business.

The Republicans seem to be perfectly willing to take all the time they want, especially those opposed to the Canadian agreement as they believe opposition to the measure is growing.

Trying to See Hitchcock.

It is a standing joke in Washington that no one can ever see Hitchcock, the postmaster general. In fact it sometimes gets to be a great mystery as to where he is hidden. During the last session of congress Weeks of Massachusetts mentioned to Burke of South Dakota that Hitchcock was one of his constituents.

"He is, is he?" answered Burke. "Now, Weeks, I'll make a bet of a dinner with you. Hitchcock is one of your constituents; you are chairman of the committee on postoffices and that ought to help you get a hearing. Now you and I will start out from the capitol together in separate cabs, you to the postoffice department to see Hitchcock. I will go and see all the other eight cabinet officers and drop in at the White House for a little chat with the president, and I'll bet you that I will get back before you do."

The bet was not made. "I would have won," said Burke afterward. "It would have taken Weeks all that time to find Hitchcock and as much longer to get in after he had found him."

Another Washington Pastime.

"Make war on the fly" is the cry in Washington now, and it affords a new pastime for the people of the capital. It will be kept up for many years, for Washington seldom drops anything when it once gets started after it. I say "after," for there are so many things which Washington is still pursuing that the city is in the "after" class.

The "swat the fly" movement will soon take its place with the following old time friends: Changing the date of the inauguration; building a hall which will accommodate the inaugural ball; cleaning snow off the sidewalks; increasing the salaries of government clerks; making it the most beautiful city in the world; changing the name of Sixteenth street to something more striking; carrying out the park commission plan; making Pennsylvania avenue a really grand boulevard.

Hats Off to Senator Lodge.

Whenever a Massachusetts man gets in the way of Senator Lodge in the federal administration. Thus it happened that Mr. Meyer, now secretary of the navy, was sent on several foreign missions and has had two cabinet positions since he became tired of foreign service, all because he was considered a dangerous competitor for Senator Lodge in the senate.

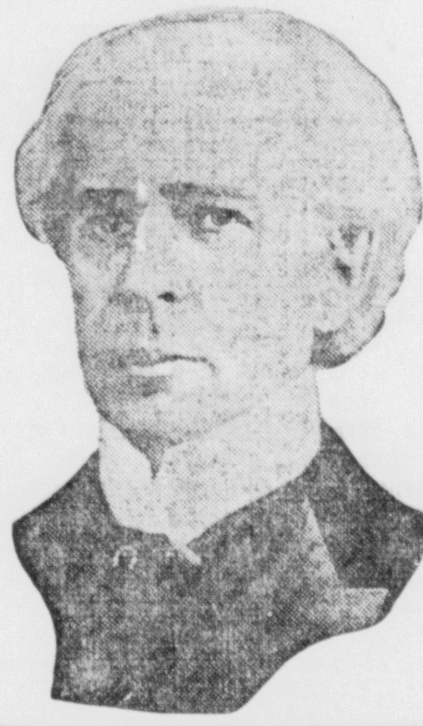

Then there was Moody, representing a district where Augustus P. Gardner, Lodge's son-in-law, lived. Moody was tucked away in the cabinet, and Gardner came to the house. This all goes to show that Lodge knows his business.

All this is preliminary to the suggestion that Curtis Guild goes abroad from Massachusetts. Lodge named Guild for vice president in the last national convention. Guild is one of the coming men. But perchance Guild was in the way of Senator Crane. The junior senator must not be overlooked when discussing shrewd New England politicians.

Poor Artists.

SIR WILFRID LAURIER.

Declares He Is Unable
to Attend Coronation.

SPOKANE LOSES APPLE SHOW

St. Paul or Chicago Likely to Secure
Next Event.

Spokane, Wash., April 29.—The National Apple show, for three years the exclusive property of Spokane, will go to the East for 1911 and either St. Paul or Chicago is likely to be awarded the fourth national apple show, to be held next fall.

Upon the visit of Howard Elliott, president of the National Apple show and of the Northern Pacific railroad, to this city next Sunday plans for the 1911 show will be made after a conference with local officials.

Harry J. Nelly, second vice president of the show, said: "Largely on account of the wider advertising to be gained in the East it has been decided that the show will be held in some Eastern city this year."

THIRD TERM BOOM
FOR ROOSEVELTSome Progressives Urging Colo-
nel to Enter Race.

Washington, April 29.—An effort is being made by some of the Republican progressives to revive the Roosevelt third term boom. A few Republican regulars in the senate, who doubt that President Taft can carry the country if renominated, sympathize with the movement, although no steps have been taken as yet to lend it support.

It was learned that there recently have been pilgrimages to Oyster Bay by prominent progressive senators who despair of getting President Taft to accept their view, but who are certain at the same time that one of their own several presidential aspirants cannot hope to defeat Mr. Taft for the nomination. As a result of these pilgrimages word has been brought back that the colonel seeks no political preferment, but—and this is the hook upon which the progressives hang their hopes—if the Republican party calls Roosevelt he will not shrink.

Needless to say Senator La Follette is not one of the progressives who have traveled to Oyster Bay. He is too busy inflating his own presidential boom and the indications are that he views with dissatisfaction the steps that have been taken by his colleagues to inject new life into the Roosevelt boom.

PLAN RAILROAD HOSPITAL

Glendive, Mont., May Secure New In-
stitution.

Glendive, Mont., April 29.—Word was received here that the directors of the Northern Pacific Beneficial association, at a meeting in St. Paul, had decided that a division hospital is needed on the Yellowstone division of the Northern Pacific and had voted to erect one. At present there is no railroad hospital between Missoula, Mont., and Brainerd, Minn. A committee recently visited Miles City, Glendive, Dickinson and Mandan and decided in favor of Glendive as the proper place for such an institution.

35,000 Men May Lose Jobs.

Chicago, April 29.—Architects and building contractors have served an ultimatum on the warring labor unions that unless they settle their jurisdictional disputes by Tuesday, there will be a general shut down of building operations in Chicago. It is estimated the threatened lockout will throw at least 35,000 men out of employment.

Button Makers Satisfied.

La Crosse, Wis., April 29.—The strike of button makers here was practically settled at a conference with the management of the Wisconsin Pearl Button factory, an agreement having been reached whereby all employees return to work at the wages in force before the strike.

Cuts Throat With Razor.

Calumet, Mich., April 29.—Eugene Sapelo, aged fifty-five, committed suicide here by cutting his throat with a razor. He was despondent because of sickness and debt. He leaves a large family.

MAKING CHANGES
IN SHERMAN LAWSWITCHING SCALE INCREASED
Locomotive Firemen and Enginemen
Get Satisfactory Settlement.

Chicago, April 29.—After a week of conferences between representatives of the Chicago, Rock Island and Pacific, the Chicago, Burlington and Quincy and the Chicago and North-western railroads and officials of the Brotherhood of Locomotive Firemen and Enginemen, the acceptance of a new wage scale to be paid for switch-work and the settlement of minor difficulties has been announced. According to the new agreement the trainmen will get a substantial increase and working conditions which will eliminate future difficulties.

Disappointed Sculptor Dies.

Short Hills, N. J., April 29.—Work day and night upon a bronze bust of President Taft for the Yale club in New York city, only to have all go for naught by the final rejection of her work by a club committee, is given as the cause of a nervous breakdown which resulted in the death of Mrs. Elizabeth St. John Matthews. Mrs. Matthews was thirty-five years old and a well known sculptress.

Soon Will Go to Senate.

Washington, April 29.—Indications now are that the proposed arbitration treaty between the United States and Great Britain will be submitted to the senate for ratification the latter part of May, or before June 1. Senator Root has been called in to assist Secretary Knox in drafting a form of treaty upon which to base the negotiations with Ambassador Bryce.

Girls Must Not Shine Shoes.

Kansas City, April 29.—Contending that shoe shining is a work morally unfit for women, the city officials refused to grant a license to a shoe shining parlor which advertises on a sign that "pretty girls will shine your shoes." In the meantime, a city ordinance is being prepared to prohibit women shining shoes.

Senator Kenyon of Iowa Work-
ing on Amendments.

MAKE ACT MORE STRINGENT

Author Hopes to Have Penalties

Made More Severe, Both With Respect to Jail Sentences and Fines. Believes People Desire Anti-Trust Law Be Made Stronger Instead of Weaker.

Washington, April 29.—Important changes in the Sherman anti-trust law will be proposed in a bill soon to be introduced by Senator Kenyon of Iowa. The announcement that Senator Kenyon is working on a measure of this character has excited a good deal of interest in Washington.

For a long time he was the official "trust buster" of the Taft administration, and he has a comprehensive knowledge of the practical workings of the law. Senator Kenyon is now engaged in drafting the bill in question. He has not announced the terms of the measure. However, it is his intention to seek to make the law more specific and more stringent than at present. He hopes to have the penalties made more severe, both with respect to jail sentences and to fines. It is the opinion of Senator Kenyon that the people will never consent to the emasculating of the Sherman law. He believes the public demand is to have the law made stronger instead of weaker.

Senator Kenyon probably will defer the introduction of his bill until the supreme court has handed down the tobacco and oil decision. He expects, however, that these will not be long delayed.

Senator Kenyon plans to deliver a speech on the subject of the anti-trust laws and their operation.

LOSES FORTUNE IF SHE WEDS

Will of Father of Mrs. Burke-Roche
Filed for Probate.

New York, April 29.—Mrs. Frances Ellen Burke-Roche, daughter of Frank Work, who died recently, is left at the mercy of her father's executors under the terms of his will, filed for probate. Through fifteen codicils the millionaire voiced his disapproval of her matrimonial career.

Early codicils, after her separation from James Jaffay Burke-Roche, direct that she be given \$70,000 a year on condition that she have no further dealings with him and remain away from England during his lifetime. They provide also that he shall not inherit a penny of the Work millions. About the time that Mrs. Burke-Roche's name was coupled with that of Aurel Batonyi, the whip, a codicil was added threatening to reduce her bequest to \$12,000 a year unless she relinquished interest in horses and horse shows.

Later Mr. Work relented and increased his bequest to his daughter to \$50,000 a year. A codicil appended after her marriage to the whip revokes all provisions in his will conferring any interest in his property to Mrs. Burke-Roche and another directs the executors to provide for her support if she should separate from Batonyi.

To Mrs. Burke-Roche's three children is left the residuary estate conditional upon their becoming American citizens, eschewing all relations with their father and adopting the name of Work.

OPEN TIMBER LAKE OFFICE

New Officials Will Take Charge of In-
terior Affairs May 1.

Washington, April 29.—Announcement was made that the new land office at Timber Lake, S. D., will be opened on May 1. Chief Clerk George, who is now stationed at Aberdeen, has been instructed to report at Timber Lake, where he will receive filers which will be passed upon immediately after the qualification of the new register and receiver. P. D. Krebs has been nominated for register, and J. L. Parrot, who was named for the receivership, were confirmed by the senate.

Detectives Unearth Plant.

Neenah, Wis., April 29.—Detectives of the Soo line made a raid on the homes of Joe Weber, a brakeman employed by the company, and Frank Patterson, a farmer. The detectives allege they discovered \$2,000 worth of stolen goods which are alleged to have been planted with Weber and Patterson by box car thieves. It is said that the robberies have been systematic and have continued during the past fifteen years.

Hard to Move in Russia.

An American wished to move from the principal hotel in St. Petersburg to a smaller hotel around the corner. He came down with his bag packed ready to go. "Sorry," said the manager, "but you cannot leave this hotel or register at another hotel until we get your passport from the police, and that will take a day and a night. You must go through exactly the same procedure as if you were leaving the country."

Bits of the Philosophy of Life

The little buds just appearing on the trees and shrubs will soon develop and stop even the rays of the sun—shield the tired and thirsty from Old Sol's scorching darts. Save the buds.

The pennies which we scatter and waste in the Early Spring of Life are Fortune's buds—care for they will one day protect us from heat, thirst and perhaps hunger. Save them.

Interest Paid on
Time and Savings Accounts

First National Bank
Brainerd, Minn.

One Hundred Thousand Dollars

trip around the world and has sailed from Paris. Richard will arrive in his home city in time to indicate to his understudy his spring political desires and will undoubtedly be loaded with a fund of information on political economy—from the standpoint of a dictator. Democracy in St. Paul without "Dick" is a tame affair.

Congressman Lindbergh complains that some men are allowed to talk longer than others in the debates and also to have longer speeches printed in the Congressional Record, and some garstastic newspaper informs him that the quality is considered in these matters. As far as the Congressional Record is concerned, no one should feel offended by not being allowed space in that document as it is on the free list and is the least read of all publications and practically all the good it does is to help railroads in their mail contracts by burdening the weight.

Sank Center required transient merchants to pay a license of \$300 a year in order to do business, but the first arrests under the ordinance resulted in a dismissal on account of conflict with the 1909 laws and an ordinance making the license \$150 has since been passed. Citizens contend that it is unfair to permit merchant to come to the city with a stock of goods, put on special sales, remain a brief period and then leave taking with them money that should go to local dealers who have to bear the burdens of the municipality in the way of taxes and other expenses.

The recent shaking up of matters at the soldier's home by the newspapers of the twin cities will have the effect of producing some reforms although an investigation did not disclose a very bad state of affairs. The old soldier inmates of that institution are entitled to good treatment, good food and plenty of it and the sanitary conditions should be closely looked after. These little explosions while not always absolutely justifiable, have the effect of keeping the eye of public opinion and criticism directed toward these institutions which helps to keep the management where it should be. The remaining few of the soldiers of '61 are entitled to all the comforts that can be bestowed on them during the remainder of their days.

And now comes The Record, a weekly publication of Duluth, which states on "most reliable authority" that Congressman Lindbergh will be a candidate for United States senator against Senator Nelson at the next election. The Record says:

"We can state on most reliable authority that Congressman Charles A. Lindbergh, of Little Falls, will be a candidate for United States senator a year from next fall. The passage of the Keefe bill, providing for the Oregon plan of electing United States senators, has removed any obstacles which Mr. Lindbergh has felt were in the way of his successful candidacy for the senate. This news will be very encouraging to progressives in all parts of the state. The feeling prevails in progressive circles that we should not have a pro-Ballinger, anti-conservation senator as a colleague of Senator Clapp. Lindbergh would thoroughly represent the great and growing progressive sentiment in Minnesota. If Mr. Lindbergh gets into the senatorial fight the way will be opened for the election of State Senator C. J. Gunderson of Alexandria to congress. Senator Gunderson was one of the most thorough-going progressives in the last legislature and was, by all odds, the ablest member of the senate. He would make a splendid successor to Mr. Lindbergh."

LOCAL NEWS NOTES

AWNINGS—Get them at D. M. Clark & Co's. 272tf

D. J. Murphy, of Aitkin, was in the city today.

C. B. Rowley went to Deerwood this afternoon.

trip around the world and has sailed from Paris. Richard will arrive in his home city in time to indicate to his underlings his spring political desires and will undoubtedly be loaded with a fund of information on political economy—from the standpoint of a dictator. Democracy in St. Paul without "Dick" is a tame affair.

Congressman Lindbergh complains that some men are allowed to talk longer than others in the debates and also to have longer speeches printed in the Congressional Record, and some parastate newspaper informs him that the quality is considered in these matters. As far as the Congressional Record is concerned, no one should feel offended by not being allowed space in that document as it is on the free list and is the least read of all publications and practically all the good it does is to help railroads in their mail contracts by burdening the weight.

Sauk Center required transient merchants to pay a license of \$200 a year in order to do business, but the first arrests under the ordinance resulted in a dismissal on account of conflict with the 1909 laws and an ordinance making the license \$150 has since been passed. Citizens contend that it is unfair to permit merchants to come to the city with a stock of goods, put on special sales, remain a brief period and then leave taking with them money that should go to local dealers who have to bear the burdens of the municipality in the way of taxes and other expenses.

The recent shaking up of matters at the soldier's home by the newspapers of the twin cities will have the effect of producing some reforms although an investigation did not disclose a very bad state of affairs. The old soldier inmates of that institution are entitled to good treatment, good food and plenty of it and the sanitary conditions should be closely looked after. These little explosions while not always absolutely justifiable, have the effect of keeping the eye of public opinion and criticism directed toward these institutions which helps to keep the management where it should be. The remaining few of the soldiers of '61 are entitled to all the comforts that can be bestowed on them during the remainder of their days.

And now comes The Record, a weekly publication of Duluth, which states on "most reliable authority" that Congressman Lindbergh will be a candidate for United States senator against Senator Nelson at the next election. The Record says:

"We can state on most reliable authority that Congressman Charles A. Lindbergh, of Little Falls, will be a candidate for United States senator a year from next fall. The passage of the Keefe bill, providing for the Oregon plan of electing United States senators, has removed any obstacles which Mr. Lindbergh has felt were in the way of his successful candidacy for the senate. This news will be very encouraging to progressives in all parts of the state. The feeling prevails in progressive circles that we should not have a pro-Ballinger, anti-conservation senator as a colleague of Senator Clapp. Lindbergh would thoroughly represent the great and growing progressive sentiment in Minnesota. If Mr. Lindbergh gets into the senatorial fight the way will be opened for the election of State Senator C. J. Gunderson of Alexandria to congress. Senator Gunderson was one of the most thorough-going progressives in the last legislature and was, by all odds, the ablest member of the senate. He would make a splendid successor to Mr. Lindbergh."

WISH WATER MAINS EXTENSIONS MADE

Four Petitions are Addressed to the Water and Light Board at Last Night's Meeting

REFERRED TO COMM. MAHLUM

Board Allows Many Bills—Pete Christensen is Designated City Electrician

The water and light board met last evening and President M. T. Dunn, Commissioners Mahlum and R. B. Smart and the secretary of the board, William Nelson, were present. The minutes of the last regular meeting were read and on motion approved.

A communication from Supt. J. P. Anderson was read and on motion it was decided that all city property used in connecting the Northern Pacific railway company generators to the city circuit be removed at once and that the secretary notify the railway company that electric current is no longer wanted under the former agreement.

Four petitions for water main extensions were on motion referred to Commissioner Mahlum for investigation and he was instructed to submit his report at the next meeting of the board on May 5th.

A large number of bills of a minor nature were allowed.

John C. Woodworth, representing the Westinghouse Electric & Manufacturing Co., was present at the meeting. He submitted agreements for sale of transformers, heating apparatus and fan motors and the motion carried that the agreements be made and that ten electric flat irons be purchased to enforce the agreement.

He promised to loan the transformer tester free of cost to the city in order to test out the present condition of the transformers in use and to eliminate the possible line loss through transformers.

The foreman of the electric light department was designated city electrician and hereafter Peter Christensen will wear this title, which, however does not add to the emoluments of the office although it increases the dignity of the position.

On motion the board adjourned to meet again on May 5th.

GOOD ROADS AT STATE FAIR

Visitors at the State Fair This Year Will Have an Opportunity of Viewing Construction

The visitors at the 1911 Minnesota State Fair and exposition will have the opportunity of watching the construction of a scientifically perfect road. "Good roads" is a topic of the most vital and general interest at the present time. Up-to-date progressive men, whether they live in the cities or country, are interested in improving the roads of their particular district and of the state. Better roads mean better business and better general conditions. People all over Minnesota are awaking to this fact.

Members of the board of managers of the Minnesota State Agricultural society appreciate the importance of and the growing interest in good roads and are planning to give the people who attend the fair this fall an opportunity of inspecting and learning every process of building a perfect road. At a recent meeting of the board of managers, Secretary J. C. Simpson was instructed to make necessary arrangements for the installing of this live exhibit. Mr. Simpson has written to the good roads bureau of the department of agriculture at Washington, asking for assistance in the matter of building this road and it is believed that the government will detail an engineer to the Minnesota State Fair, who will direct the operations.

The plan of the board is to select a piece of road on the fair grounds that will be of future use and so located that it will be accessible to all fair visitors. Under the direction of the government engineer, one process in the building of the perfect road will be completed each day during the fair beginning Sept. 4th. On Saturday, Sept. 9th, there will be a complete road of the most improved type. People interested from all over the state will have had the benefit of learning the road building process and the fair will have the benefit of the perfect road. This plan is new in Minnesota although it was tried last year at one or two of the country's other big fairs and proved of remarkable educational value.

LECTURE ON M. W. A. SANATORIUM

G. W. Riley, of Danville, Ill., Lectures on Consumption and its Treatment by Fraternity

SPEAKS ON BENEFIT OF ORDER

Large Audience Listens to Lecture and Views—Interesting Stereopticon Display

In response to the unique advertisements placed in the Dispatch a large audience of Brainerd people as well as many from the surrounding country gathered at the Citizens State bank hall last night and listened to an able address by G. W. Riley, of Danville, Illinois, on the merits of the Modern Woodmen of America society and the benefits accruing from a membership in such order.

As illustrating the tendency of modern times which believes in the conservation of life, health and property, the lecturer displayed by means of a stereopticon the views of the Modern Woodmen sanatorium at Colorado Springs where are treated cases of consumption developed by members of the society.

And this treatment is free. The society believes it better to cure a member than to allow him to pass away and become a charge against the society.

His pictures showed in detail the "tent" cottages, as they are termed and the mode of cure, embracing fresh air, proper food, sunlight and the prescribed treatment. Brainerd Camp donated the money necessary for the construction of a cottage and when any of the local members are taken with the dread disease they will be housed in the little "tent" cottage in the colony.

A large herd of Holsteins supplies the milk. A chicken ranch gives the eggs. The United States government gave the society a perpetual lease to additional land for their reservoir and other purposes. The staff of physicians is shown, as well as the nurses homes, the kitchen, dining room, utility building in each tent colony and other matters describing very clearly the extent of this great project of the Modern Woodmen.

Other stereopticon pictures revealed the well known faces of the officers of the society, of its office building and printing establishment at Rock Island, Ill., of its forester teams and scenes at the last great encampment in Peoria, Ill.

Mr. Riley remarked at the beginning that Brainerd had not been placed on his regular schedule and that at the last minute his itinerary had been changed from Marshall to this city and that he was very much gratified to see how quickly an audience could be gathered in Brainerd. It gave evidence that the camp at Brainerd was composed of active workers who did not shirk their duty and who believed in advancing the society and letting other people know about it.

Never Out of Work

The busiest little thing ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing constipation, headache, chills, dyspepsia, malaria. Only 25c at all druggists.

Grapes and Wine.

Most people think white grapes make white wine and dark grapes make red wine. It is a popular error. Red wine is made by fermenting grape juice and grape skins together, and white wine is made by fermenting grape juice alone.

MISS ERNSTER'S RECITAL

Miss Gladys, Daughter of John Ernster, Gives Recital at St. Cloud

Miss Gladys Ernster, daughter of Mr. and Mrs. John Ernster, will give a recital at St. Benedict's academy Sunday evening, April 30th and Mr. Ernster went to St. Cloud today to attend the event. The young lady graduates from the academy and will give a most ambitious program of music as a soloist and in duet music with her friend A. Hoeschen.

Some of the selections are "He-roischer Marsch in Ungarischer Styl" by Liszt; "Isolde," left hand, by Ravina; "Der Ritt der Walkuren" of Wagner; "La Damnation de Faust" by Berlioz; "Fantaisie at Fugue," right hand, by Dupont.

The duets include "Lucia de Lam-mormoor," by Liszt; "Miserere du Trovatore Paraphrase de Concert," by Gottschalk; Hungarian Rhapsody No. 2, by Liszt.

The class colors are royal purple and the class flower is violet.

HIGH SCHOOL NOTES

Declamatory Contest—Publication of Annual—Baseball News and Other Items

The declamatory contest will be held in the assembly room, Friday evening, May 5th, to determine who will represent Brainerd at Stanley Hall. The contestants are Marjorie Poppenberg, Mabel Smythe, Elsie Dorr, Elsie Drexler, Fern Grondin, Esthem Beilmuth and Bertha Mahlum. For the last two weeks, the halls of the high school have echoed to the peals of thunder which herald the approach of a veritable storm of eloquence. It is prophesied that the local contest will be close and it is the opinion of the school that in any event the Brainerd high will be worthily represented. The girls have all proved their ability as elocutionists and have worked hard for the approaching contest, so that the decision of May 5th is awaited with excitement. Admission 10 cents.

At the meeting of the Gamma Delta Sigma Wednesday, an interesting debate was held on the question, "Resolved, that school hours in Brainerd should extend from 8 A. M. to 1 P. M." The speakers were Frances Funk and Olive Johnson for the affirmative, Mabel Nyland and Adelaide Vogel for the negative. The judges decided in favor of the affirmative. This will be the last program of the year though another meeting will probably be held.

The boys debating club had their pictures taken Tuesday.

The work of the annual is making rapid progress under the management of the editor-in-chief, Richard Isle. Photographs of the various clubs and organizations are being taken and the whole school is enthusiastically working for its success. Copies will be sold for fifty cents each.

The baseball team has settled down to hard practice and every evening after school finds a large number of candidates working to secure a position on the team. Jimmie Alderman, the old high school star, is out, and is performing in great style. Captain Trent at short is scooping them up in fine shape and the prospects for a winning team are good. The first game will be played on week from Saturday.

A small gopher escaped from the laboratory Wednesday and created confusion in the east side of the room far out of proportion to its size and ferocity. The commotion among the girls would seem to indicate that nothing short of a cannibal or dragon had appeared among them and it lasted until the destroyers of peace was captured by George Ford and returned to prison.

Miss Mahlum, in Latin—"That was a fine recitation. I feel real well about it. How do you feel?" Student—"Pretty well, only I've got a bad cold."

This is a "joke" but its not half as bad as some.

An observant student of the high school has noticed various changes in the appearance of certain pupils, due no doubt to spring warmth. A few of the most apparent facts are that Mabel Smythe is getting "Skinney," that Grace Carlson's hair is getting curly, that Will Twomey will probably go to Heaven, he has already a stand in with the "Angels," that Frances Quinn is said to be getting cross—a real "Barker"; that Dolly Mahlum always looks Happy.

Saved His Mother's Life

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at all druggists. tfs

Here is the Latest Corset News from Paris

Read this Cable Message just received:

"New corset models used for spring opening by Paquin, Margaine-La Croix, Guillott and Matray, keen to straight figure lines, long curveless hips, flat back and low bust. The new idea is for the corset to be so flexible that the figure appears entirely unrestrained. Leading Paris gown-makers recommend front-laced styles and such models are held in high favor."

This cablegram confirms the Gossard front-laced principles and characteristics as embodied in their models this season.

It is a front laced season.

THE Gossard CORSETS

"They Lace In Front"

It is absolutely essential to have a correct model of corset for the present style gowns and waists. The seamless backs demand a smooth foundation—fabrics are clinging and show the slightest ridge. Consequently the front-laced corset with its perfect habit back is the ideal corset and is imperative. Skirts are close fitting, coats are short, showing the back in all its beauty, if it be a "Gossard back." The back must not be marred by a single defect, nor show a corset line.

We are now showing the models which conform to the above requirements. Your fitting will be a pleasure at our store.

"MICHAEL'S"

MUSIC AND DRAMA

At Opera House Tonight

In presenting Charles Klein's drama, "The Third Degree," the United Play Co. bespeaks for it the same absorbing interest that attached to Mr. Klein's former success, "The Lion and the Mouse." This time instead of attacking financial and political conditions, Mr. Klein has seen fit to go to Fifth Avenue for his characters, bringing to light a condition that exists in that society and revealing it in a vivid manner.

The production is of unusual magnitude and displays a scenic as well as dramatic art to the greatest advantage. The "Third Degree" will be shown at the Brainerd opera house this evening, and judging from the advance sale of seats, the play is assured of a large house.

The story of "The Third Degree" reveals a deep study in psychology. Howard Jeffries, Jr., has been severed from his aristocratic family because of his marriage to a shop girl of noble intention. On the night of Howard's visit to a college chum and debtor, in quest of a loan, the friend kills himself while the benedict sleeps in an adjoining room. The police arrive before Howard learns the cause of their visit and he is put through a severe third degree inquiry by a dogging police official, until he confesses his guilt. The fight of Howard's wife, Annie, for her husband's life, proves that her real womanly nature has escaped the shortsight of her narrow-minded father-in-law. Her path is strewn with thorns until she outwits her opposing factors.

"Isle of Spice"

Apart from its legitimate claims to popularity, because of its catchy songs and delightful music B. C. Whitney's "Isle of Spice" which comes to the Brainerd opera house Monday evening, May first, is a production that from a scenic standpoint has seldom been equaled and never surpassed in the history of the American stage. Theatre-goers who are most exacting in their demands for the modern stage mechanism are unstinted in their praise for the lavish production Mr. Whitney has given this delightful musical extravaganza.

Midnight in the Ozarks

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, lagrippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists. tfs

WISH WATER MAINS EXTENSIONS MADE

Four Petitions are Addressed to the Water and Light Board at Last Night's Meeting

REFERRED TO COMM. MAHLUM

Board Allows Many Bills—Pete Christensen is Designated City Electrician

The water and light board met last evening and President M. T. Dunn, Commissioner Mahlum and R. B. Smart and the secretary of the board, William Nelson, were present. The minutes of the last regular meeting were read and on motion approved.

A communication from Supt. J. P. Anderson was read and on motion it was decided that all city property used in connecting the Northern Pacific railway company generators to the city circuit be removed at once and that the secretary notify the railway company that electric current is no longer wanted under the former agreement.

Four petitions for water main extensions were on motion referred to Commissioner Mahlum for investigation and he was instructed to submit his report at the next meeting of the board on May 5th.

A large number of bills of a minor nature were allowed.

John C. Woodworth, representing the Westinghouse Electric & Manufacturing Co., was present at the meeting. He submitted agreements for sale of transformers, heating apparatus and fan motors and the motion carried that the agreements be made and that ten electric flat irons be purchased to enforce the agreement.

He promised to loan the transformer tester free of cost to the city in order to test out the present condition of the transformers in use and to eliminate the possible line loss through transformers.

The foreman of the electric light department was designated city electrician and hereafter Peter Christensen will wear this title, which, however does not add to the emoluments of the office although it increases the dignity of the position.

On motion the board adjourned to meet again on May 5th.

Card of Thanks

We wish to extend our heartiest thanks to all neighbors, friends, members of the senior and junior classes of the B. H. S. and the faculty of the B. H. S. for the kindness shown us in our recent sorrow and bereavement, and also for the beautiful floral offerings.

NANA NOREN,
MRS. JOSEPH JOHNSON.

GOOD ROADS AT STATE FAIR

Visitors at the State Fair This Year Will Have an Opportunity of Viewing Construction

The visitors at the 1911 Minnesota State Fair and exposition will have the opportunity of watching the construction of a scientifically perfect road. "Good roads" is a topic of the most vital and general interest at the present time. Up-to-date progressive men, whether they live in the cities or country, are interested in improving the roads of their particular district and of the state. Better roads mean better business and better general conditions. People all over Minnesota are awaking to this fact.

Members of the board of managers of the Minnesota State Agricultural society appreciate the importance of and the growing interest in good roads and are planning to give the people who attend the fair this fall an opportunity of inspecting and learning every process of building a perfect road. At a recent meeting of the board of managers, Secretary J. C. Simpson was instructed to make necessary arrangements for the installing of this live exhibit. Mr. Simpson has written to the good roads bureau of the department of agriculture at Washington, asking for assistance in the matter of building this road and it is believed that the government will detail an engineer to the Minnesota State Fair, who will direct the operations.

The plan of the board is to select a piece of road on the fair grounds that will be of future use and so located that it will be accessible to all fair visitors. Under the direction of the government engineer, one process in the building of the perfect road will be completed each day during the fair beginning Sept. 4th. On Saturday, Sept. 9th, there will be a complete road of the most improved type. People interested from all over the state will have the benefit of learning the road building process and the fair will have the benefit of the perfect road. This plan is new in Minnesota although it was tried last year at one or two of the country's other big fairs and proved of remarkable educational value.

LECTURE ON M. W. A. SANATORIUM

G. W. Riley, of Danville, Ill., Lectures on Consumption and its Treatment by Fraternity

SPEAKS ON BENEFIT OF ORDER

Large Audience Listens to Lecture and Views—Interesting Stereopticon Display

In response to the unique advertisements placed in the Dispatch a large audience of Brainerd people as well as many from the surrounding country gathered at the Citizens State bank hall last night and listened to an able address by G. W. Riley, of Danville, Illinois, on the merits of the Modern Woodmen of America society and the benefits accruing from a membership in such order.

As illustrating the tendency of modern times which believes in the conservation of life, health and property, the lecturer displayed by means of a stereopticon the views of the Modern Woodmen sanatorium at Colorado Springs where are treated cases of consumption developed by members of the society.

And this treatment is free. The society believes it better to cure a member than to allow him to pass away and become a charge against the society.

His pictures showed in detail the "tent" cottages, as they are termed and the mode of cure, embracing fresh air, proper food, sunlight and the prescribed treatment. Brainerd Camp donated the money necessary for the construction of a cottage and when any of the local members are taken with the dread disease they will be housed in the little "tent" cottage in the colony.

A large herd of Holsteins supplies the milk. A chicken ranch gives the eggs. The United States government gave the society a perpetual lease to additional land for their reservoir and other purposes. The staff of physicians is shown, as well as the nurses homes, the kitchen, dining room, utility building in each tent colony and other matters describing very clearly the extent of this great project of the Modern Woodmen.

Other stereopticon pictures revealed the well known faces of the officers of the society, of its office building and printing establishment at Rock Island, Ill., of its forest teams and scenes at the last great encampment in Peoria, Ill.

Mr. Riley remarked at the beginning that Brainerd had not been placed on his regular schedule and that at the last minute his itinerary had been changed from Marshal to this city and that he was very much gratified to see how quickly an audience could be gathered in Brainerd. It gave evidence that the camp at Brainerd was composed of active workers who did not shirk their duty and who believed in advancing the society and letting other people know about it.

Never Out of Work

The busiest little thing ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing constipation, headache, chills, dyspepsia, malaria. Only 25c at all druggists.

Grapes and Wine.

Most people think white grapes make white wine and dark grapes make red wine. It is a popular error. Red wine is made by fermenting grape juice and grape skins together, and white wine is made by fermenting grape juice alone.

MISS ERNST'S RECITAL

Miss Gladys, Daughter of John Ernster, Gives Recital at St. Cloud

Miss Gladys Ernster, daughter of Mr. and Mrs. John Ernster, will give a recital at St. Benedict's academy Sunday evening, April 30th and Mr. Ernster went to St. Cloud today to attend the event. The young lady graduates from the academy and will give a most ambitious program of music as a soloist and in duet music with her friend A. Hoeschen.

Some of the selections are "He-roischer Marsch in Ungarischer Styl" by Liszt; "Isolde," left hand, by Ravina; "Der Ritt der Walkuren" of Wagner; "La Damnation de Faust" by Berlioz; "Fantaisie de Paganini," right hand, by Dupont.

The duets include "Lucia de Lammermoor," by Liszt; "Mesere du Trovatore Paraphrase de Concert," by Gottschalk; Hungarian Rhapsody No. 2, by Liszt.

The class colors are royal purple and the class flower is violet.

HIGH SCHOOL NOTES

Declamatory Contest—Publication of Annual—Baseball News and Other Items

The declamatory contest will be held in the assembly room, Friday evening, May 5th, to determine who will represent Brainerd at Stanley Hall. The contestants are Marjorie Poppenberg, Mabel Smythe, Elsie Dorr, Edie Drexler, Fern Grondin, Esthem Belmuth and Bertha Mahlum. For the last two weeks, the halls of the high school have echoed to the peals of thunder which herald the approach of a veritable storm of eloquence. It is prophesied that the local contest will be close and it is the opinion of the school that in any event the Brainerd high will be worthily represented. The girls have all proved their ability as elocutionists and have worked hard for the approaching contest, so that the decision of May 5th is awaited with excitement. Admission 10 cents.

At the meeting of the Gama Delta Sigma Wednesday, an interesting debate was held on the question, "Resolved, that school hours in Brainerd should extend from 8 A. M. to 1 P. M." The speakers were Frances C. Munk and Olive Johnson for the affirmative, Mabel Nyland and Adelaide Vogel for the negative. The judges decided in favor of the affirmative. This will be the last program of the year though another meeting will probably be held.

The boys debating club had their pictures taken Tuesday. The work of the annual is making rapid progress under the management of the editor-in-chief, Richard Isle. Photographs of the various clubs and organizations are being taken and the whole school is enthusiastically working for its success. Copies will be sold for fifty cents each.

The baseball team has settled down to hard practice and every evening after school finds a large number of candidates working to secure a position on the team. Jimmie Alderman, the old high school star, is out, and is performing in great style. Captain Trent at short is scooping them up in fine shape and the prospects for a winning team are good. The first game will be played on week from Saturday.

A small gopher escaped from the laboratory Wednesday and created confusion in the east side of the room far out of proportion to its size and ferocity. The commotion among the girls would seem to indicate that nothing short of a cannibal or dragon had appeared among them and it lasted until the destroyers of peace were captured by George Ford and returned to prison.

Miss Mahlum, in Latin—"That was a fine recitation, I feel real well about it. How do you feel?" Student—"Pretty well, only I've got a bad cold."

Three-Day Cure FOR Drink Habit

It is idle to talk of the curse of the drink habit. It undermines the vital forces of the system. It unfits a man for business. It makes the home of the victim unhappy. It is the broad road to poverty, disgrace and crime. The drinking man is a marked man. No one wants to employ him. He is blacklisted at railroad and business offices. In the industrial and commercial world he is an Ishmael with every man's hand against him. For such a man the Neal Institute is a home of refuge. By a simple treatment requiring only three days' time, the slave of drink is made its master. Instead of a craving for liquor which will not be denied, the Neal Treatment creates a distaste for and an aversion to liquor. The effectiveness of the Neal Cure has been demonstrated.

No Hypodermic Injections

The Neal Treatment contains no poisonous drugs or substitutive stimulants. There are no hypodermic injections. No injury to health. In fact, there are no bad after effects, yet it is the most effective remedy ever discovered. In THREE DAYS every trace of alcoholic poison is eliminated from the system, and with it goes all craving and desire for alcoholic liquor. All patients accepted for treatment under contract to cure in three days—

Call, write, phone or wire for free booklet giving full information, also a copy of our contract and guarantee bond. Everything confidential; bank reference cheerfully furnished.

ATTRACTIVE HOMES

GOOD PAINT PUTS THE "FINISHING TOUCH" ON YOUR HOME.

Good Paint serves the house in the same way clothing serves our bodies. It makes our homes attractive, cheerful, wholesome; it protects them from wind and weather.

Good Paint, Blood's Paint, lends an air of refinement, adds an artistic charm to our homes while affording them every protection Good Paint can. It does this at a smaller yearly cost than other paints. The way it is made makes it wear longer and look better. That's the chief reason why we sell and recommend it.

White Bros.

Sentiment Or Business?

On Which Basis Do YOU Advertise?

Some men buy advertising space in a paper because the paper tells that "it deserves their support," not because the space will produce results.

Then they charge the amount up to their advertising appropriation.

An advertising appropriation is the seed of the modern business, properly sown and cultivated it will multiply a hundred fold.

So that each cent taken from the advertising appropriation robs the advertiser not of one cent, but of a potential dollar.

Be charitable, not with the seed, but out of the abundance of the harvest! Next time a paper approaches you with an appeal for your "support"—subscribe for the paper out of your private purse if you like and have it sent to a friend, but don't buy alleged "advertising" space and deduct the cost from the amount you can afford to spend in real advertising.

Business and sentiment are oil and water—they don't mix. The heavy lidded poppies luxuriate over the business-graves of hundreds who have refused to accept this truism.

And remember—every time you "buy" 10 cents worth of space in a worthless advertising medium you are throwing nine dollars and ninety cents into the Mississippi river.

That isn't even charity—it's just foolishness!

Where to Worship

Christian Scientists: Services every Sunday at 11:00 a. m., in the Cal hall, 6204 Front street. Wednesday evening 8 o'clock. All are welcome. Sunday school at 12 m.

Swedish Mission church, Cor. Maple and Ninth street south: Morning service at 10:30 a. m.; evening service at 7:30 p. m., Sunday school noon. Mid-week service on Thursday evening at 7:30 p. m. Rev. C. W. Boquist, pastor.

First Methodist Episcopal church corner of Juniper and Sixth streets: Morning service at 10:30, Sunday school at 12, Epworth League 6:45 p. m. Evening service at 7:45 o'clock. Rev. Charles Fox Davis, pastor.

Three-Day Cure FOR Drink Habit

It is idle to talk of the curse of the man's hand against him. For such a Drink Habit. It undermines the vital forces of the system. It unites a man for business. It makes the home of the victim unhappy. It is the broad road to poverty, disgrace and crime. The drinking man is a marked man. No one wants to employ him. He is blacklisted at railroad and business offices. In the industrial and commercial world he is an Ishmael with every

No Hypodermic Injections

The Neal Treatment contains no poisonous drugs or substitutive stimulants. There are no hypodermic injections. No injury to health. In fact, there are no bad after effects, yet it is the most effective remedy ever discovered. In THREE DAYS every trace of alcoholic poison is eliminated from the system, and with it goes all craving and desire for alcoholic liquor. All patients accepted for treatment under contract to cure in three days—

under contract to cure satisfactorily—no treatment costs nothing. The Neal Treatment is not merely a "sobering up" process, but a safe, perfect and thorough cure. It makes no difference how long he has been drinking, or how much he is drinking, nor how many other treatments have failed, the Neal Treatment will effect a perfect cure. In just three days, to the entire satisfaction of the patient.

Call, write, phone or wire for free booklet giving full information, also a copy of our contract and guarantee bond. Everything confidential; bank reference cheerfully furnished.

ATTRACTIVE HOMES

GOOD PAINT PUTS THE "FINISHING TOUCH" ON YOUR HOME.

Good Paint serves the house in the same way clothing serves our bodies. It makes our homes attractive, cheerful, wholesome; it protects them from wind and weather.

Good Paint, Blood's Paint, lends an air of refinement, adds an artistic charm to our homes while affording them every protection Good Paint can. It does this at a smaller yearly cost than other paints. The way it is made makes it wear longer and look better. That's the chief reason why we sell and recommend it.

White Bros.

Sentiment Or Business?

On Which Basis Do YOU Advertise?

Some men buy advertising space in a paper because the paper tells that "it deserves their support," not because the space will produce results.

Then they charge the amount up to their advertising appropriation.

An advertising appropriation is the seed of the modern business, properly sown and cultivated it will multiply a hundred fold.

So that each cent taken from the advertising appropriation robs the advertiser not of one cent, but of a potential dollar.

Be charitable, not with the seed, but out of the abundance of the harvest! Next time a paper approaches you with an appeal for your "support"—subscribe for the paper out of your private purse if you like and have it sent to a friend, but don't buy alleged "advertising" space and deduct the cost from the amount you can afford to spend in real advertising.

Business and sentiment are oil and water—they don't mix. The heavy lidded poppies luxuriate over the business-graves of hundreds who have refused to accept this truism.

And remember—every time you "buy" 10 cents worth of space in a worthless advertising medium you are throwing nine dollars and ninety cents into the Mississippi river.

That isn't even charity—it's just foolishness!

Where to Worship

Christian Scientists: Services every Sunday at 11:00 a. m., in the Cale hall, 620 1/2 Front street. Wednesday evening 8 o'clock. All are welcome. Sunday school at 12 m.

Brainerd Steam Laundry

HARRY B. JOHNSON, Proprietor

Formerly Hutchins Laundry Co.

Your clothes will live longer if you bring them to us.

We exercise the greatest care.

No frayed collars or torn shirt waists turned out by this laundry.

Every article as well as the most fragile fabric receives our special attention.

We take pride in our work and we want the people of Brainerd to patronize this laundry.
